Questions:

On a separate page(s), please answer the first question, and any two of the remaining questions:

1. (Required) What draws you to consider the Green House program?
2. Name one or two specific learnings you have gained, in terms of your clinical understanding and experience, from your own depth/psychodynamic/long-term personal therapy experience?
3. What interests you about working with marginalized clients? What has your experience (clinical or otherwise) been with this population?
4. What goals might you have for your learning experience in the Green House program?
5. What do you imagine the future impact of this program might be for you?

I, _____ (applicant name), certify all the above information and other relevant application materials submitted are accurate and true.
